CALVIN COOLIDGE FOUNDATION TO CELEBRATE ITS 50TH ANNIVERSARY AT JOHN F. KENNEDY PRESIDENTIAL LIBRARY ON OCTOBER 7. INTERNATIONAL FINANCIAL LEADER JOHN C. BOGLE TO BE KEYNOTE SPEAKER

Plymouth Notch VT. (September 18, 2010) A day-long symposium on the presidency of Calvin Coolidge and its implications for today's world will be held on October 7 at the JFK Library in Boston.

The theme for the day is "Straight Talk" and will feature public policy leaders and historians.

As Robert Kirby, President of the Board of Trustees stated "President Coolidge's challenges are strikingly similar to those testing our government today—a troubled economy, an international situation marked by major crisis, and a population hungering for normalcy. Coolidge met every challenge and put America back on track. He gave us fiscal soundness, optimism and a deep belief that America would prosper."

The day will conclude with a keynote speech by John C. "Jack" Bogle whose impact on America's as well as the entire free world's view of proper investing was reflected in his being named by *Time* magazine as "one of the 100 most influential persons in the world." He has always been a symbol of integrity and clarity throughout his very distinguished

career. His values, honesty and directness mirror so much of what President Coolidge believed.

It will be an interesting and informative day.
